#### The Power Behind the Throne.

Now that the national conventions are only a few weeks off, the two big parties have begun to take inventory, with the results that the leaders are 'put to it'' to find enough issues and differences of policy upon which to make a fight and get out the voters for the final battle next November. Seldom before have the graet political parties prepared for battle with such few really vital principles at stake. A close comparison of the heretofore announced policies of the Republicans and the Democrats will show that there are only a few, and these few slight, divergences of opinion on the great questions of the day. With a realization of this state of affairs, the political stock-taking has been earnestly and seriously pursued, and the possibility of a hitherto almost unthought-of factor has presented itself. This is no less than the Supreme Court of the United States - that tribunal which, by its interpretation of the statutes and treaties which Congress enacts, constitutes itself the "power behind the throne"-the real law-making body. At the present time six members of the highest tribunal in the land are Republicans, and the chief justice and two associate justices are of Democratic faith. No less than four of the jurists will be eligible for retirement this year, and the chances are that they will retire during the next administtation. Therefore, the next President will have it in his power to reorganize the Supreme Bench and install four men who are sypmathetic with his policies and are of his political faith. The four who may possibly retire in the next four years are Chief Justice Fuller, Democrat, and Associate Justices Harlan, Republican; Brewer, Republican; and Peckham, Democrat. This consideration, it will THE be seen, is a more or less important one, and it is understood that it will be used to influence voters in the coming campaign.

ECZEMA NOW CURABLE.

#### All Itching Skin Diseases Which Are Not Hereditary Instantly Relieved by Oil of Wintergreen.

Can Eczema be cured? Some physicians say "Yes." Some say "No."

The real question is "What is meant by Eczema?" If you mean those scally eruptions, those diseases which make their first appearance, not at birth, but years afterward, and perhaps not until middle age-then there can no longer be any question that these forms of Eczema are curable. Simple vegetable oil of wintergreen,

mixed with other vegetable ingredients, will kill the germs that infest the skin. Apply this prescription to the skin, and instantly that awful itch The very moment the liquid is gone. is applied, that agonizing, tantalizing itch disappears, and continued applications of this external remedy soon cure

We carry in stock this oil of wintergreen properly compounded into D. D. D. Prescription. While we are not sure that it will cure all these cases of skin trouble which arel inherited, we positivey know that this D. D. D. Prescription, whenever righty used, will cure every last case of genuine Eczema or other skin trouble, which did not exist

We know this. Anyway you, your-self, will know that D. D. D. Prescription instantly takes away the itch the moment it is applied to the skin. Clarke & Co., Paris, Ky. Stop that itch today instantly. Just call at our store and try this refreshing and soothing liquid; also asks about D. D. D.

#### Will Remove Heddon.

At a meeting of the Board of Printing Commissioners it was decided to re move Superintendent of Printing J. W Hedden and give his place to John C. Wood, editor of the Mt. Sterling Gazette.

The board is composed of the Governor, Auditor, Treasurer, Secretary of State and Attorney-General. As Gov-ernor Willson is in New York, Acting Governor Cox presided in his stead. The members of the board, however decided not to take any action in the matter until after the Governor re-

Whether charges will be preferred against Hedden or not is not known. His appointment, as made by the Democratic board, is for a term of four years from June, 1906. The salary at tached to the position is \$1,500 a year. Friends of Mr. Heddon say that he had ample legal advice and will fight in the Courts any effort to remove him. They say that no valid charges can be brought against him. On the other hand. Wood has secured an opinion from Attorney-General Breathitt to the effect that the Board of Printing Commissioners will be acting within its power to dispose of Hedden.

#### Keeping Open House.

Most people know that if they have been sick they need Scott's Emulsion to bring back health and strength.

But the strongest point about Scott's Emulsion is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

And it contains no drugs and no alcohol.
